

Course Preference Information

You will submit your course preferences through the Enrollment System. Go to bcp.org/bell2028 to begin the process.

Detailed course descriptions can be found later in this manual. Please use these pages to make decisions about the courses in which you would prefer to enroll. You can submit your course preferences anytime from **March 15th through March 26th** but only once you have completed the preceding steps (i.e., steps 1 through 4 detailed on the Six Steps to Enrolling page).

NOTE

Course descriptions, curriculum options, and graduation requirements can be found on the Class of 2028 website. Please note that **all necessary information for freshmen families can be found in this manual.**

Placement Assessments

What You Need to Know

Everyone Tests for Math Placement

Every student will be tested for placement in mathematics, regardless of which math course they request. The ALEKS assessment is taken at home between April 1st and April 19th.

Placement Assessments for Other Courses

Every placement assessment takes place at home with the exception of Modern & Classical Languages

Placement assessments are offered for incoming freshmen in English and Modern & Classical Languages. Proficiency in the subject must be shown for placement in a higher-level course. Please note that if you select a higher-level course in the Enrollment System you are expected to complete the placement exam for that subject. If you have questions or concerns, please email corresponding chair to that department.

April

- 1st: Math ALEKS assessment period begins
- 10th: French, Latin, Mandarin, & Spanish Language placement exams
- 17th: Final day to submit application for Chamber Orchestra, English 1 Honors, Percussion, and Rhetoric
- 19th: Math ALEKS assessment period ends

If you are intending to take any subject(s) placement exams, please select your course preferences as soon as you accept Bellarmine's offer. [See Step 6 of the enrollment process.](#)
